Senoritis is a disease, common among members of the fourth year class, more easily contacted than the common cold, more contagious than measles, and more fun than anything.

Sufferers from the disease may easily be recognized by highly held heads. They congregate in groups before school, they control the high offices in school activities, and they worry about how to keep their grades in citizenship up.

They are positive that their play, "A Case of Springtime," is the best ever to be given in Syracuse, and which the confident Seniors are sure could have withstood the test of Metro-Goldwyn-Mayer. And, of course, they think their canteen sales at noon and at ballgames are the most highly successful ever to be remembered at Syracuse High.

Symptoms of the disease are numerous and begin with early high school days. Resistance is lowered with the first King and Queen Dance and algebra exam, by the sophomore taffy sale, the magazine sales, by buying junior class rings and selling play tickets.

By the time they are ready to order caps and gowns, all have succumbed to different degrees.

The only cure known is graduation with its merry celebration and sober procession into the world.

Class History

History must have a beginning. For the class of '55 it began September 3, 1943. We were thirty-nine very small and very frightened children. On this day our formal education began. Our teacher was Mrs. Rapp. A, B, C, and 1, 2, 3, were to become very familiar sights to us.

The next fall we entered the second grade. For the next nine months we studied under Mrs. Meredith. I think we shall always remember the excitement of "Reading Parties".

Our third year under the direction of Miss Seiders (Mrs. Frances) and later Mrs. Weaver, was to be memorable for the fact that this was the year we began our multiplication tables. This year we were to experience one of our first real tragedies with the passing of our classmate, Max Stettler.

Our fourth year brings memories of, "The Bears of Blue River" with Mrs. Gants as our teacher. This year also brought us Tom Koble who was later to become one of our outstanding members.

Those members who were weak in division will always remember our fifth year under Mrs. Morris. This year we began the nightmare called "long division". Who of our forty-nine members could ever forget this ordeal?

On September 3, 1948, we metour first male teacher, Mr. George. Not one of us will ever be able to forget the day he sat in the bubble gum.

September 2, 1949, was truly a great day. This was the first day of school at the high school building. We had all looked forward to this for six years. There were forty-seven of us and each of us was to discover that what we had learned in the past was only a fraction of what we still had to learn.

Our eighth year was much the same as our seventh. During the summer another of our classmates, Glen Stahly, had passed away.

August 31, 1951, marked our first day as high school students. There were forty-four of us this year and each was instructed to collect a box of bugs. This seemed rather appalling to some, but we soon conquered our squemish stomachs and went about our business.

Our sophomore year was to see a great drop in enrollment. We went from forty-four members to thirty-six. Did you know that the shortest distance between two points is a straight line?

Our Junior year we gained three members. By now we had all begun to worry if we had the correct number of credits; and what of those majors and minors.

On August 27, 1954, we entered Syracuse High as Seniors. During the course of the year we lost Carol Sue Carpenter and Dennis Firestone. This left us with thirty-one members.

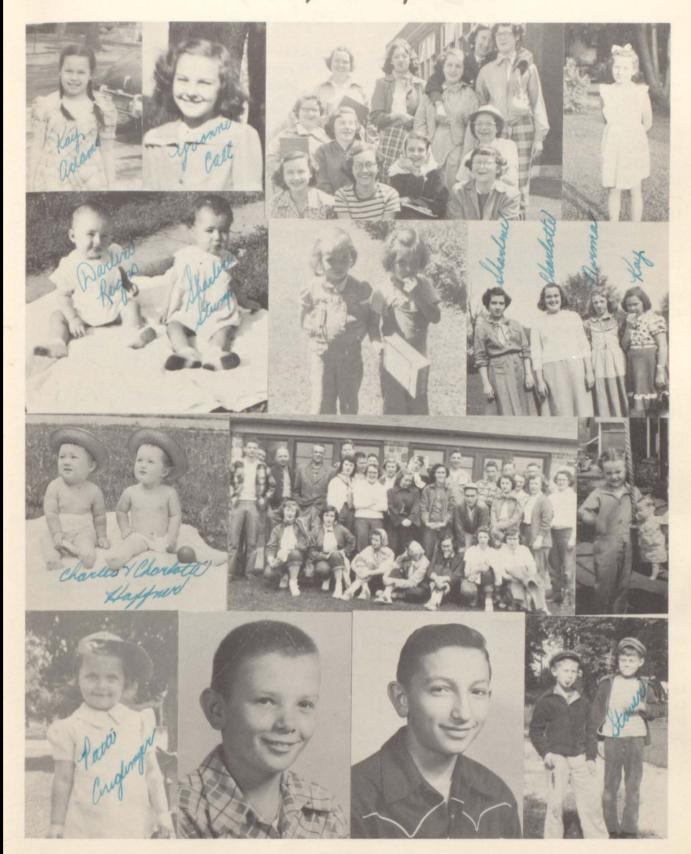

When our class began in 1943, we had thirty-nine members. Of these fourteen completed all twelve years at Syracuse. These students were: Jane Kroh, Donna Michael, Norma Mock, Lenora Reagan, Darlene Rogers, Connie Sudlow, Freda Vorhis, Marlene Wilkinson, Janet Kitson, Clifford Byrd, Arthur Coy, Jerry Grady, Stover Hire and Lee Oyler.

On May 18, 1955, the Senior Class of '55 received their diplomas. This was a day that will long be remembered.

This year Syracuse can look back on its basketball schedule with mixed emotions. At the start of the season it seemed as if Syracuse couldn't buy a win. The Yellow Jackets lost eight straight games preceding the County Tourney.

Then in the Tourney Syracuse caught fire. They won their first game and were on the verge of upsetting Silver Lake, the favorite and eventual champion, when time ran out.

From then on they played hot basketball and won five of their last seven games. In the Sectional they played good ball but lost to a powerful Warsaw team, the final winner.

Compliments of KLINE'S SINCLAIR SERVICE

Tom Koble -- Tom has been a star guard on the varsity for four years. His sparkling offense and tight defensive play have been outstanding and have led to his being named on several all-county teams. Tom led the team as captain in his Junior and Senior years.

Robert "Red" Denton -- "Red" was a driving and aggresive player every minute he played. He made up for his lack of height by out-thinking and out-hustling his opponets. He was an excellent rebounder and came through with a lot of points in the clutch. "Red" is a leading candidate for the "Most Valuable Player Award."

Stover "Paddle" Hire -- Stover was the tallest member of the team and played two years as a forward. His "set-shooting" was exceptional and will be missed next year.

Charles "Chauncey" Haffner -- "Chauncey" has been on the varsity for two years. His agressiveness and will to win made up for his lack of size and enabled him to play forward.

Chuck Largen -- Chuck has made his first year on the varsity a successful one. His long arms and height made him a very good rebounder and enabled him to hold the starting position as center. Chuck is a Sophomore and will be back to strengthen next year's team.

Larry "Abie" Nicolai -- "Abie" is a regular for the second straight year. His accurate shooting and offensive play will help the Yellow Jackets for two more years.

Nelson Kistler -- Nelson held down a regular position as guard for the second straight year. He is only a sophomore and will lend his speed to next year's team.

Larry Mock -- Larry, a Junior, played forward in his first year on the team. His good jump shot and driving lay-ups will make him a valuable asset to next year's team.

Chuck Zimmerman -- Chuck, a Junior, was switched from forward to guard where he could take advantage of his good set shooting. This was his first year on the team.

James Calvin Connolly -- Clavin, AS WE ALL KNOW HIM, is on the varsity for his second straight year. A proficient left-handed shot, he will help spark the team next year.

Jim Caskey -- Jim's being the smallest man on the team did not discourage him. He had a very good assortment of shots which he used to his advantage.
