## *Class History*

1945 is an important year in history and it will always have special meaning to the seniors of '57. It was in this year that we embarked on the adventure called school. There were 43 of us then. Under the guidance of Mrs. Rapp we learned our ABC's.

Mrs. Meredith helped us to advance a little further on the road to knowledge. During our second year, we became better acquainted with our numbers and reading. Also during our second year we lost 13 members, but gained 9. Of these 9 new members, 2 were to become members of the graduating class of 1957. They are Larry Nicolai and Jim Caskey.

Mrs. Esther Weaver introduced us to another milestone on the road of knowledge --multiplication tables.

Mrs. Gants helped us to pass this milestone of fourth grade. We especially recall story time.

At the start of our fifth year, we acquired another member of the Class of '57 --Nelson Kistler. We decreased in size from 43 to 35.

Our sixth and final year in the old grade building we will remember for many things. Some of us still shudder at the remembrance of Mr. George and his paddle. Mark Godshalk, Steve Keim, and Terry McClintic joined us here. We entered the high school building in the fall of '51 with a mixture of eagerness and awe. During the year, another member of the class of '57 was added--Carol Dreher.

At the beginning of our eighth year we picked up another member who was to graduate with us--Paul Beezley.

At last we were going to start high school. Bette Mollenhour, Roddy Laughlin, Robert Robinson, and David Rupprecht joined us as we entered. We'll never forget the cow's eye we passed around in biology class.

Our sophomore year we marked by the sale of schedule pencils. We noticed a slight increase in activities.

The graduating class of '57 was completed in our junior year with the addition of Carol App. We all began to realize that we only had one more year of school with the ordering of our class rings. To increase our finances we undertook such projects as magazine sales, canteen, and our class play, "Girl Shy."

During our senior year we began to really understand the meaning of the word busy. What with magazine sales, our senior class play, "Junior Prom", annual staff, news staff, club meetings and all the other activities that go along with being seniors, we scarcely had time to do our lessons.

There are 10 charter members in the class. They are: Bea Bachman, Wanda Coy, Lou Ann Hunnicutt, Janet LeCount, Sharon Miller, Harriett Traster, Lee Barnhart, Jerry Hapner, LaMar Hughes, and Ned Nolan.

## *Varsity*

James Caskey--"Spindle", a senior, this was his second year on the Varsity. He has good hitting ability, and plenty of drive.

Larry Nicolai--"Nick" is a senior and his ability to rebound offensively and defensively has won him his position on the Varsity. He has plenty of hustle and is a great boost to the team!

Nelson Kistler--"Nel", also a senior. This was his fourth year on the Varsity. He has ability to either play at forward or at guard.

Paul Beezley--"Whiz", a senior, has played at guard position on the Varsity for two years. His drive and will to win got him his position on the Varsity this year.

Mark Godshalk--"Shaw" is also a senior. Mark's will to win put him at forward position. Although he didn't see as much action as he would have liked, he kept on working all the time.

Coach Beck--Mr. Beck came from Warsaw, where he was assistant coach. He has done a fine job for the Yellow Jackets. His will to win and his work never ended.

Billy Dorsey--"Bill" has ability to hit from most anywhere on the floor. He is a junior, and should be a great help to next year's Varsity.

Ronald Roberts--"Ron" is a junior and this is his first year on the Varsity. Although Ron didn't see as much action as he would have liked, he kept on working. He will be a big asset to the team next year.

Terry Frushour--"Fresh" is also a junior, and is a very hard worker for the Yellow Jackets; he kept everybody working all the time at their positions. Terry will help win a lot of victories for us next year.

Delbert Thornburg--"Deb" is also one of the future ball players at forward position. He has good working ability and plenty of hustle. Hope to see you playing next year.

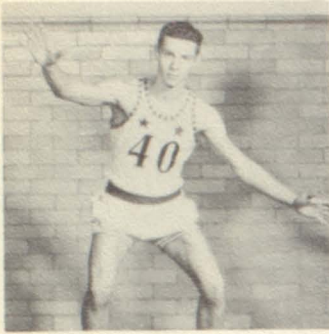

Jim Denton--"Jim" is one of the tallest members of the fighting Yellow Jackets. His ability to rebound gave him his position at forward. He is a fine worker and will be a great boost to next year's team.

Robert Swenson--"Swede," a sophomore and starting center, will also be back to help the team next year. He has good rebounding ability and can really jump.

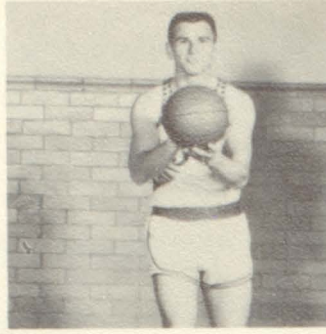

*Good Luck in the Future, Boys!*
